Input FileUpload files Property

Example

Select one or more files with the file upload button, and display some information about the selected file(s):

```
var x = document.getElementById("myFile");
var txt = "";
if ('files' in x) {
    if (x.files.length == 0) {
      txt = "Select one or more files.";
    } else {
      for (var i = 0; i < x.files.length; i++) {
         txt += "<br><strong>" + (i+1) + ". file</strong><br>";
         var file = x.files[i];
         if ('name' in file) {
            txt += "name: " + file.name + "<br>";
         }
         if ('size' in file) {
            txt += "size: " + file.size + " bytes <br>";
         }
      }
    }
}
document.getElementById ("demo").innerHTML = txt;
```
